Software Engineer – Backend Golang (m/f/d)   PLAZZ

plazz AG is an IT development studio with locations in Erfurt and Munich. Our team consists of detail-loving UI designers, passionate developers and customer-focused project managers. As digital experts, we do not deliver solutions from a drawer, but create products that both our customers and we feel comfortable with. With exactly this passion, we have been developing and marketing the Mobile Event App since 2013, a SaaS solution for events that makes us one of the market leaders in Germany.

Location: Erfurt, Bahnhofstr. 5a – between Anger and main station – or predominantly remote
Period: Immediately, fulltime, but also as a working student or freelancer

Exciting Tasks

Become part of a well-coordinated cross-functional team and help to make the potential of digitalization tangible for everyone with our SaaS solutions for events and communities. We are looking for backend developers to help us continuously expand our software. Our goal is to become the leading B2B platform for creating and maintaining event and employee apps.

What awaits you

- During onboarding process:
    - You will get to know our team and the agile product development cycle
    - You will be introduced to the product to build a deeper understanding
    - You will develop your own workflow in the realization of requirements
- After onboarding:
    - You create technical concepts and develop new features independently
    - You integrate external software solutions into our product
    - You provide interfaces for other software platforms
    - You look at the bigger picture in order to constantly optimize our product

What you should bring with you

- You are smart
- You like to work in a team
- You already have technical experience in backend development (preferably in typed languages)
- You are familiar with Git

What we offer

- Full on-site working in the modern Erfurt office or hybrid working model possible
- You have enough space to take on responsibility early on
- You work together with talented colleagues

Have we piqued your interest? Then send us your complete application documents to jobs@plazz.ag. Your contact person is Mr. Ronja Lars Wilkening.
