

Software Engineer - iOS (m/w/d)

plazz AG is an IT development studio with locations in Erfurt and Munich. Our team consists of detail-loving UI designers, passionate developers and customer-focused project managers. As digital experts, we do not deliver solutions from a drawer, but create products that both our customers and we feel comfortable with. With exactly this passion, we have been developing and marketing the Mobile Event App since 2013, a SaaS solution for events that makes us one of the market leaders in Germany.

Location: Erfurt, Bahnhofstr. 5a – between Anger and main station
Period: Immediately, fulltime, but also as a working student or freelancer

Exciting Tasks

Are you always up to date with the latest technologies in software development? You are enthusiastic about mobile app development and are convinced of the added value of native apps? Do you stand up for good software quality and value systematic testing? You face big challenges and they spur you on? Great, then we are looking for you! As an iOS Developer (m/f/d) in software development, you will work closely with your colleagues and other departments and help to advance the company and our products.

Your qualifications

- Finished studies or apprenticeship in computer science
- Very good knowledge in programming languages Swift, Core Data as well as in web services, REST, JSON, HTML
- Knowledge in handling Git for versioning
- High code quality, knowledge of refactoring, patterns, testing
- Good German language skills or willingness to improve
- Ability to work in a team

and you also have

- Fun developing good software architectures
- A knack for solving tricky tasks
- A high degree of commitment and flexibility

You will

- Play a key role in product development
- Develop innovative solutions in your specialist area
- Developing products for large companies
- Grow with your tasks and get a perspective for the future

Have we piqued your interest? Then send us your complete application documents to jobs@plazz.ag. Your contact person is Mr. Ronja Lars Wilkening.
